

Governance Board Resolution on expanding MPP's remit into the licensing of technology transfer with an initial focus on COVID-19 vaccines and pandemic preparedness

19 May 2021

The Governance Board mandates MPP to expand into the licensing of technology transfer with an initial focus on COVID-19 vaccines and pandemic preparedness, provided the management is able to secure the necessary funding. The Board requests the Executive Director to provide a detailed status report during the next Board meeting to facilitate a discussion and resolution on the medium to long term of this mandate.
