

Medicines Patent Pool Geneva

Rue de Varembe 7, Geneva 1202, Switzerland

Attention: General Counsel

February, 14<sup>th</sup> 2023

To whom it may concern,

As per the conditions of the License Agreement signed between the Medicines Patent Pool and Nortec Química S.A. in march 2022 in particular its 12.7 clause, please allow this letter to serve as a termination of the said Agreement on march 16<sup>th</sup> 2023

In this sense Nortec Química S.A. undertakes that this 30-day notice satisfies the legal constraints of the Agreement and allows the Companies to sever this contract without any further need for legal action.

The inclusion of Nortec in the manufacturing license of Nirmatrelvir API demonstrates the importance of the Brazilian industry in expanding a global manufacturing network. Participating in this project with MPP was a validation of that history and an opportunity to contribute to global access to such an essential product. Unfortunately, we couldn't reach a commercial scenario to ensure the success of this cooperation

We kindly ask you to confirm the receipt of this letter and to state that you agree with the said termination.

Sincerely,
