

The Medicines Patent Pool Foundation

Board resolution

21 December 2023 (via correspondence)

The Governance Board of the Medicines Patent Pool (MPP) thanks the Expert Advisory Group (EAG) for its report assessing the final results of negotiations between the MPP and Ferring International Center S.A. (Ferring) on a memorandum of understanding that annexes a licence agreement for health-stable carbetocin for the prevention and treatment of post-partum haemorrhage. Having reviewed the EAG Report as well as the proposed memorandum of understanding and the licence agreement, the Board agrees with the EAG's assessment that the proposed collaboration is consistent with the MPP's mandate as defined in its Statutes, and represents an improvement over the status quo.

Therefore, the Board requests the Executive Director to finalise and sign the necessary documents with Ferring to formalise the collaboration.
